

# LLM/GPT

Training Data

**Huge cost & data demand for training a foundation model**

---

**One biased LLM for all users**

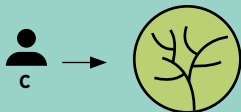

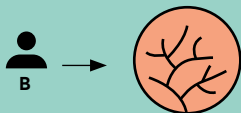

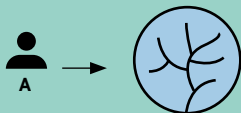

# Genetic AI

Question → Evolution → Best Answer

**Trains itself on demand  
for every question**

---

**Every user gets unique,  
unbiased AI**

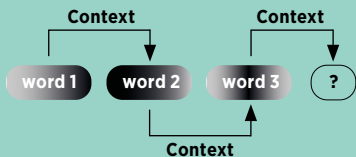

# LLM/GPT

**Burning Energy**

**Huge energy consumption  
for training and answering**

---

**Transformer models puts  
word after word based on  
probability**

# Genetic AI

**Answers questions with 99,9%  
less energy in less than 0,5 s**

---

**Finds the fittest answer by  
leveraging the laws of evolution**
